Dear Friend:

Wayland, as you know is rich in historical tradition. Unfortunately no organized attempt is being made to record and retain these traditions. It is the thought of the undersigned that a start might be made towards some form of organization which would develop and establish an historical record to the town's benefit. To that extent an informal meeting is going to be held in the rotunda of the library on the night of June 24th to determine whether or not sufficient interest might be aroused to justify the creation of such an organization as mentioned above.

We would like to have you attend and please understand again that this meeting is for the purpose of discussion.

Sincerely,

Heidi H. Allington
